Kaleidoscope Topper Pattern

Carina

Pattern has full color directions to complete this 20.5" x 20.5" topper. Can be used for a Table Topper, Candle Mat, Wallhanging and more.

Pre Cut Kaleidoscope Blocks can be found at www.labfabrics.com
~ many different designs ~

For more pre-cut Kaleidoscope Block Kits, please visit our website www.labfabrics.com

Step 1 - Refer to Kaleidoscope Sheet to complete your Kaleidoscope Block, this will finish to approx. 10.5". (See Figure 1)

Step 2 - Using the black fabric (or same fabric as the corners on your kaleidoscope block), cut 2 1.5" strips of fabric, subcut into 2 1.5"x10.5" strips and 2 1.5"x12.5", sew onto each side of your block for first border (See Figure 2)

Step 3 - Using the Red Mottled Floral fabric (shown in diagram with a black outline so you can see it), cut 2 2" strips, subcut into 2 1 2.5" strips and 2 1 5.5" strips, again sew to each side of your block for the second border (See Figure 3).

Step 4 - Using the Focus Floral fabric, cut 2 3" strips, subcut into 2 1 5.5" strips and 2 20.5" strips and again sew to each side of your block.

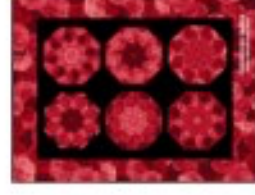

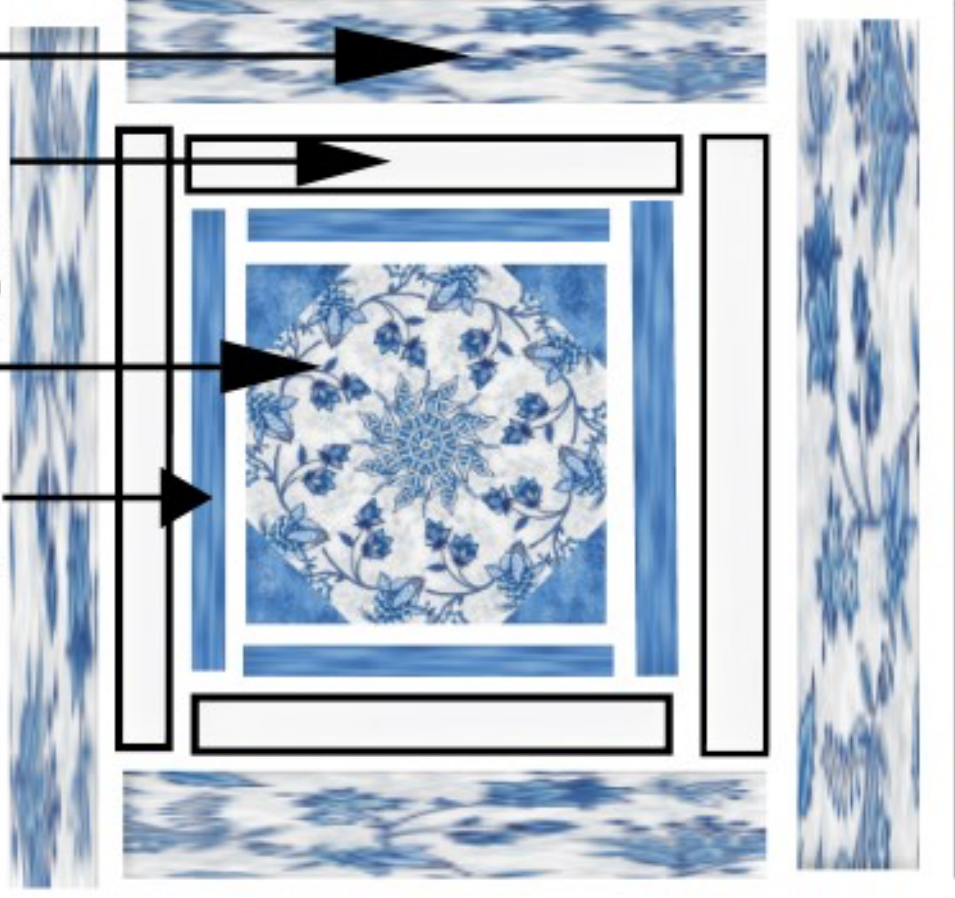

This completes your block, now layer your backing fabric, batting and then kaleidoscope top you just made and use your favorite method to quilt your topper, cut 3 2.5" strips of black fabric for binding - and now you have a beautiful topper to use in so many ways.
