

Kaleidoscope Quilting

Sample Pack

We want to Thank You for your purchase of our Pre Cut Kaleidoscope Sample Pack. While we have many full size quilt /block kits that our customers love, we have had many

requests for 'small packs', from seasoned quilters as well as our new customers that really want to try out our pre cut Kaleidoscope blocks for the first time. but understandably don't want a full size quilt kit,, so we have introduced our 'sample pack', our sample pack will contain 2 pre cut blocks (either 6" or 7" finished size), instructions to complete your Kaleidoscope Blocks, batting, backing and binding to complete 2 mug rugs as shown. (You could also make these into pot holders/hot pad by adding insul-bright and a loop if desired). We just want you to give our blocks a try and see just how fun and visually stunning these are to make. With our cutting technique, no two blocks should ever be exactly the same, 'sew' many different designs from the same fabric, we are sure you will love these!! We have done all the hard work for you by pre cutting the blocks.

Mug Rug Directions: 1) Sew your pre cut Kaleidoscope Blocks together according to directions on reverse. 2) Square your block up. 3) Layer your backing, batting and kaleidoscope block, pin together and quilt the three layers together, (just as you would a quilt) 4) and then bind - and your done - fun, quick and easy, with the most stunning results.

If you loved these small sized blocks, just wait until you try out our full size 10" blocks!!

Check out our website for all our latest kits at www.labfabrics.com.

Thank you & we would love to see your finished projects.
