- 3/4 Yard Focus Fabric (outer border)

**** PLEASE READ DIRECTIONS THOROUGHLY BEFORE BEGINNING ****

If you do not already have directions to construct your pre cut Kaleidoscope Blocks, you can find them on our website www.labfabrics.com in our pattern download section.

Step 1: Construct your 12 Kaleidoscope Blocks, once constructed, square each block to 7.5"

Step 2: From the accent fabric, cut 3 strips at 7.5"x wof, sub-cut into 13- 7.5" squares add a extra set of corners to each block to complete 13 snowball blocks, squaring to 7.5" (Fig.1)

Step 3: Referring to quilt photo, arrange the blocks pleasing to your eye alternating a

Make 3

Make 2

Kaleidoscope Block & a Snowball Block, you will have 5 rows of 5 blocks each, then sew rows together, alternating rows to complete your top.

Step 4: From inner border accent fabric, cut 4 strips 2.5"x wof. Measure vertically down middle of quilt top, using that measurement sub-cut 2 of your strips to that length and sew to sides of quilt. Then measure across the middle of top, using that measurement, cut 2 strips to length, and sew to top & bottom of top.

Step 5: From the focus fabric, cut 5 strips at 5", measure your quilt top again vertically down middle of quilt, use this measurement and sub-cut 2 strips to that length and sew to sides of quilt, then again measures across the middle of top, using the 3 strips left, piece together to make 2 strips that length and add to top and bottom.

Step 6: Quilt and bind as desired.

Thank you again for your purchase, we hope you had fun making this beautiful quilt.
