

Kaleidoscope 'On Point' Table Runner

~ Finished Size 34" x 15" ~

Supply List:

- 1 Set of 3—6" Pre Cut Kaleidoscope Blocks
- 1/3 Yard Accent Fabric
(setting triangles & inner border)
- 1/4 Yard Focus Fabric (outer border)

**** PLEASE READ DIRECTIONS THOROUGHLY BEFORE BEGINNING ****

If you do not already have directions to construct your pre cut Kaleidoscope Blocks, you can find them on our website www.labfabrics.com in our pattern download section.

Step 1: Construct your 3—6" Kaleidoscope Blocks, once constructed, square each block to 6.5"

Step 2: From accent fabric, cut 1 -5.5" strip, and 3—1.5" strips. From the 5.5" strip, cut 6 5.5" squares, cut these on the diagonal, this will give you 12 setting triangles, add these to each block, adding 2 to each side, iron and then add the other 2 triangles, (see Fig. 1), repeat with all three blocks.

Once all 4 triangles have been added, trim block to 9" square. From one of the 1.5" strips, cut pieces to 9", use two as connector pieces to join all the blocks in a row, (see Fig. 2) add the remaining two pieces to ends of runner. Cut each of the remaining two 1.5" strips cut each to 30" (or measure your runner lengthwise) and add these pieces to top & bottom.

Step 3: From the focus fabric, cut 3 strips at 2.5" x WOF, from one strip, cut 2 pieces to 11", sew to runner ends, from each of the remaining two strips, cut each to 34" (or again measure your runner) and add to top & bottom.

Step 4: Quilt and Bind as desired

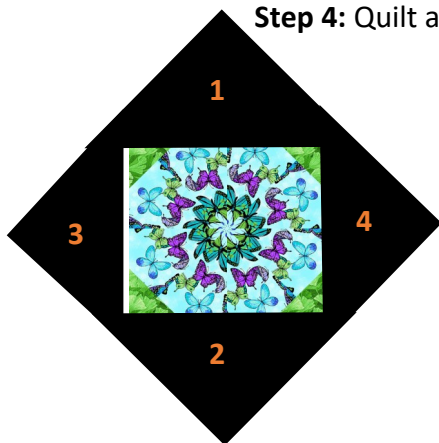

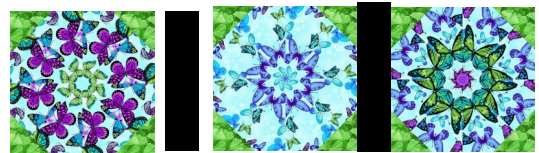

Fig. 1— Add two setting triangles, one to each opposing side, iron, then add the remaining two to other two sides, iron and square to 9".

Fig. 2 - 9" Connector pieces

Thank you again for your purchase, we hope you had fun making this beautiful quilt.
