

## Winter Wonderland

(or any 2 color cornerstone blocks)

Pre-Cut Kaleidoscope Quilt Kit

30" x 36"

Pre-Cut Blocks & Fabrics Needed  
to complete quilt top:

- \*\* 12-7" Pre-Cut Kaleidoscope Blocks
- \*\* 1/4 Yard Accent Fabric (inner border)
- \*\* 1/3 Yard Focus Fabric (outer border)

**Step 1:** Sew all 12 of your pre-cut Kaleidoscope Blocks and trim/square up to 7 1/2" (directions can be found on our website [www.labfabrics.com](http://www.labfabrics.com) under Pattern Downloads if you need directions to complete your blocks.)

**Step 2:** Arrange your blocks in a 3 across by 4 down design, alternating blocks with different color cornerstones until you have a design that is pleasing to your eye.

**Step 3:** Once you have your design laid out, sew rows together (each row will have 3 blocks), you will have 4 rows when done, once all your rows are sewed together, connect the first 2 rows together, then the second two rows, and then finally sew your center seam connecting both halves together to complete the inner top.

**Step 4:** For the inner border, cut accent fabric into 4 strips 2" x wof. Measure your quilt top at this point through the center vertically, use your measurement to cut your pieces to size and sew to both sides. Once your sides are on, measure your quilt through the center horizontally and again use that measurement for the top and bottom inner border pieces, cut remaining two strips to size and sew to top and bottom of top.

**Step 5:** For the outer border, cut your focus fabric into 4 strips 4" x wof. Again measure your quilt through the center vertically and use the measurement to cut your pieces to size and sew to both sides. Once your sides are on, measure your quilt through the center horizontally and again use that measurement for the top and bottom inner border pieces, cut remaining two strips to size and sew to top and bottom of top.

What a beautiful quilt top you now have and wasn't it so fun and easy?

Finishing: Quilt and Bind using your favorite method and enjoy!!
