Step 1: Sew up the 11 Pre Cut Kaleidoscope Blocks according to directions, either on the back page of this pattern, or directions can also be found and printed out in our Pattern Download section of our website www.labfabric.com - Sew on cornerstones as show in Fig. 1— Square to 6.5".

Step 2: Now take any one block and cut it in half at 3.25" as shown in Fig. 2

Fig. 2

Step 3: You will then make 2 rows, each row will have 5 full blocks and one half block. For reference, take a look at the runner in photo below. Once you have your 2 rows sewn, then you will connect them lengthwise to complete the inner table runner.

Step 4: From your inner border fabric, cut 3 strips 1.5"xwof. Measure your runner vertically at the center, use that measurement to cut 2 pieces and sew to ends of your runner. Then measure your runner horizontally through the center and cut 2 pieces to that measurement and sew to top & bottom.

Step 5: From your outer border fabric, cut 3 strips at 2.5" x wof and repeat the same process above that you used for the inner border to add the outer border. (you may have to piece your outer border).

Step 6: Quilt and Bind as desired.
