 1/3 Yard Focus Fabric (third/outer border)
 1 Yard Backing Fabric
 Optional—1 Large Button for Center of quilt

****Backing Fabric Not Included In Kit****

*Please read all direction before beginning your quilt.

Step 1: Sew up the 4 Pre Cut Kaleidoscope Kits according to directions, either on the back page of this pattern, or directions can also be found and printed out in our Pattern Download section of our website www.labfabric.scom - For each block, use 2 darker & 2 lighter cornerstones as show in Fig. 1— Square to 10.5".

Step 2: Arrange your completed blocks in a 4 block design as shown in quilt photo that is pleasing to your eye, I chose the darker corners to meet in the middle, however you can choose the light to meet in the middle, either way works perfect.

Step 3: Sew your 4 blocks together to make the middle of your quilt.

Step 4: Borders—For all borders, first measure down the middle of the quilt, use this measurement to cut side borders, sew side borders on, then measure across the middle of the quilt to get measurement to top & bottom borders, do this for each border. For first border, cut 3 strips at 1.5" x wof. Second border cut 4 strips at 2" x wof and for third border cut 4 strips at 3" x wof. Using your measurements, add borders one at a time.

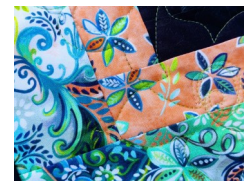

Fig. 1 Make 4 ↑

Step 5: Optional—We have added a nice button to add to the very middle is you would like. You can sew, velcro or hot glue on if desired. Keep in mind, if using this for a table topper, the button may hinder the very center if you are placing something on it.

Step 6: Quilt as desired

Step 7: Cut 4 binding strips at 2.5" x wof and bind your quilt
