**Step 1:** Sew up the main Pinwheel Block according to directions, either on the back page of this pattern, or directions can also be found and printed out in our Pattern Download section of our website [www.labfabric.com](http://www.labfabric.com) - Square to 15.5".

**Step 2:** Once your block if finished and squared up, it's time to add the first border. Take your accent fabric and cut 2 strips at 1.5" x wof , sub-cut 2 pieces to 15.5" and sew to 2 sides, sub-cut remaining 2 pieces to 18..5" and sew to sides.

**Step 3:** Outer Border: Cut 2 strips at 2.5"x wof for outer border. Measure vertically on the topper, take that measurement and sub-cut 2 pieces to that length, and sew to sides. Iron flat, then measure horizontally, using that measurement cut 2 pieces and sew to top and bottom.

**Step 4:** Quilt as desired

**Step 5:** Cut 3 binding strips at 2.5" and bind.

**Isn't this is so stunning, and it's just one block?**
